"TO THE MEN OF AMERICA"

You talk of your breed of cattle--
And plan for a higher strain;
You double the food of the pasture
And heap up the measure of grain;
You draw on the wits of the nation--
To improve the barn and the pen;
But what are you doing, my brother--
To better the breed of man?

You boast of your Morgans and Herfords,
Of the worth of a calf or a colt--
And scoff at the scrub and the mongrel,
As worthy a fool or a dolt;
You mention the points of your roadster,
With many a "wherefore" or "when"--
But, ah, are you conning--my brother--
The worth of the children of men?

And what of your boy? Have you measured
His needs for a growing year?
Does your mark as his sire, in his features
Mean as much as a brand on a steer?
Thoroughbred, that is your watchword--
For stable, and pasture, and pen;
But what is your word for the homestead,
Answer--ye breeders of men!
--by ROSE TRUMBULL.

"WHERE ARE THE MEN?"

Where are the men to lead today,
Sparing an hour or two--
Teaching the lads the game to play,
Just as a man should do?
Village and slums are calling--"COME"--
Here are the boys, indeed,
Who can tell what they may become,
ONLY THE MEN WHO LEAD!

EDITOR'S NOTE: There are still others on the list of local men who have joined the armed services--but at the present time, we do not have their addresses. It is useless to enter their names in this list unless we do have those addresses, so their friends may write to them.

Missing from the above list is HERBERT GAGNIER, because the last we heard from him, he was enroute to North Carolina or thereabouts. We do not yet have his correct mailing address therefore we cannot add him to this list until we hear from him. He has been receiving his regular copies of the BYLINE while he was in training at San Antonio. We are holding his back copies for him. Won't someone please let us know where to send them? Thank you.

The above goes for all the other swell fellows in the service who are not yet receiving their complimentary copies of the BYLINE--all it takes is their names, addresses, and serial numbers. WE DO THE REST! Some of you Brisbane residents have sons and brothers in the service--PLEASE SEND US THEIR NAMES AND ADDRESSES--because they will want to hear about HOME in the quickest way possible, via the HOMETOWN NEWS.

ALMOST FIVE SQUARE MILES BURN HERE:

Most of the Peninsula papers carried the story of our huge grass fire last Saturday, when 460 acres of grass burned on San Bruno Mountain just north of Brisbane. According to the Burlingame Advance, smoke obscured the Bayshore Highway on Boneyard Hill, necessitating the rerouting of heavy traffic for over an hour. We here in Brisbane know of the smoke, and a big one, even for here. Ernest Werder, assistant county fire warden, said that the Brisbane fire started behind a rock quarry south of the Cow Palace, over on Geneva Avenue. A 40-mile an hour wind swept the flames eastward toward Bayshore Highway. Firemen, unable to head the fire, worked at the sides and tried to pinch it into the quarry. However, the rolling flames bypassed the quarry, swept on to the very edge of Bayshore Highway. The flames, swooping over the highway, sent cars careening across the road, and caused several minor rear end collisions. The California Highway Patrol cut off Bayshore Highway at South San Francisco, and at Bayshore City, rerouting traffic to El Camino Real. Four trucks from the Forest Service Headquarters at Redwood City, one from Rockaway Beach, one from South San Francisco, two each from Brisbane and Bayshore City, and three from San Francisco were rushed to the blaze. The fire department crews were aided by some 50 volunteers from Brisbane and Bayshore City. The fire was brought under control at 6 p.m., more than four hours after it started. Its cause is unknown.

According to another Peninsula paper, a car was burned when the flames leaped the Bayshore Highway. We have heard no report of this here, at the time of this printing. But what the Peninsula paper did not print--and what we must print--is the fear, and the haunting memory of us felt when we saw those raging flames come leaping over the mountain, and running down the hillside like a mountain torrent at flood time. The fear, and the haunting memory comes from remembering that our beloved little city has twice burned to the ground. Pray God there will be NO THIRD TIME! And thank God that there probably won't be any third time, because of the untiring efforts of our volunteer fire department. Even the boys pitched in and helped--for which we are all extremely grateful. That five square mile had less than a half mile to go--and those people going by on the Bayshore highway probably had no idea of the actual danger Brisbane was in. PEOPLE OF BRISBANE--THIS IS WHY WE HAVE REPEATEDLY BEGGED YOU--PLEASE BE CAREFUL DURING THE DRY AND DANGEROUS SUMMER SEASON. PLEASE CLEAR AWAY THE DRY GRASS AND THE RUBBISH FROM YOUR FENCES, AND ALONGSIDE YOUR HOUSES. DON'T FIGHT FIRE WITH FIRE--FIGHT IT WITH WATER.

WON'T RUN OUT OF GAS SOMETIMES BUT YOU WON'T ALWAYS HAVE A GAL WITH YOU! BYBEE BROS. SERVICE

IN REGARDS "REGISTRATION WEEK":

Letters requesting that the period of September 8 through 14 be officially proclaimed as "Registration Week" were sent to all San Mateo County Mayors and the chairman of the San Mateo County Board of Supervisors recently, by the United A.F.L. Committee of San Mateo County, who are going all out in a major drive to increase registrations and are asking non-partisan groups and representatives of both major political parties to cooperate. Signed by John C. Healy, committee chairman, the letter read; "We respectfully urge you to proclaim officially and immediately the period of September 8th through September 14th as REGISTRATION WEEK in your community. We also ask that you appeal to all those who may not yet be registered to be certain to register before the close of business on Thursday, September 14th. This is the final date of registration for all those who wish to be eligible to vote in the November elections. We feel that, with our young American boys dying in Korea to help preserve our Democratic ways of Life, it is not too much to ask any American citizen to use one of the most important Democratic ways---that of a free person to vote freely. We are asking all other organizations in San Mateo County, including non-partisan groups and representatives of both major political parties, to join us in this request for an official proclamation and in the registration drive. We shall greatly appreciate your cooperation."

--as submitted by UNITED A.F.L. COMMITTEE OF SAN MATEO COUNTY--300-7th Avenue, SAN MATEO, CALIFORNIA. Diamond 3-1434.

IN REGARDS REGISTRARS:

Members of the San Mateo County Democratic Central Committee began contacting registrars today in an effort to line up volunteers to take over the job of registering voters in places of public assembly before Thursday, September 14, the final registration date. Under the direction of Richard Armstrong, chairman, schedules are being arranged for daytime and evening coverage of all focal gathering points such as markets and theaters. Committee members are; Mrs. Harry J. Otto, Frank Kent, John Roselli, Emnet I. Campion, and Emil A. Holgerson.

Marion H. Kent, Democratic County Chairman, is cooperating with the county UNITED A.F.L. committee in requesting the Mayors and County Supervisors to proclaim the period of Sept. 8th through 14th as "Registration Week".

MINSTREL SHOW NEWS:

There was a good turnout of talent at Wednesday night's rehearsal of the entire cast of the Brisbane P.-T.A. sponsored minstrel show. A good sized audience also attended, applauding the glee club and the various solo acts, all rehearsing together for the first time since Frankie King got his "bright idea".

Frankie has asked that if anyone has a copy of the sheet music to "OLD MAN MOSE", would they please loan it to him for use in the minstrel show?

COURTESY ASKED FOR NEWSBOYS:

Several of the parents of the small boys who are serving you by bringing your copy of the Brisbane Byline to your door have asked me to remind you that these little fellers are only making a cent and a half on each paper they sell, and that is why they seem like such "eager little beavers"--it takes a lot of selling to make show money. Some of the local citizens seem to take offense when more than one of the boys knock on their doors. Well, for more than three years the citizens of Brisbane asked for a weekly paper. It took some doing to get it started, and it will take a lot of selling to keep it going. We cannot put in a lot of extra hours each week if our Byline is just going to sit on our shelves----they must be sold, or we must go out of business. It seemed the quickest way to get these papers to you by putting them in the hands of the small fry of Brisbane--not only giving them something to do, but teaching them how to earn their money, instead of begging, or worse still, stealing it. We realize that it is irksome to be asked over and over to buy the same paper--but these small youngsters have no way of knowing that someone has been there before them. Please show them the courtesy of at least a polite "no". Please don't slam the door in their faces, and please do not use abusive language. IF YOU DO NOT WANT A WEEKLY PAPER HERE IN BRISBANE, I AM THE PERSON TO TELL--NOT THE SMALL LAD WHO IS TRYING TO SELL IT TO YOU! Will you do me the kindness of letting ME know if any of the boys are bothering you? That is the least we can do, if we are going to stay in business. Thank you.

--your editor, GLADYS REECE.
